2.3 Forgotten Credentials

(Video instructions available: [Forgotten Credentials](#))

To access Genesys the user must have a valid WAMS ID.

Use these instructions ~~if you forget your WAMS user ID or password to regain access to Genesys.~~

~~To recover your~~a forgotten WAMS user ID or password:

1. Open the on.wisconsin.gov page.
2. Select **Account Recovery** to reset ~~your~~the WAMS ~~username~~user ID or password.

~~You~~The user can attempt to sign in as many times as needed, ~~but~~ after three unsuccessful login attempts, ~~you will be~~the user is locked out of ~~other~~all applications that ~~you require~~use ~~your~~of a WAMS ID.

Show/Hide an example of the page

Web Access Management System (WAMS)

The States Web Access Management System (WAMS) allows authorized individuals to access State Internet applications using the same means of identification for all State Web applications. For example, a citizen can use the same Wisconsin User ID and password to acquire overweight trucking permits and Emergency Medical Technician certification.

When access to information or services is restricted, to protect your privacy or the privacy of others, you will be asked to provide a Wisconsin User ID and password. Your Wisconsin User ID and password verifies your identity so that we can provide you with access to your information and services and prevent access by unauthorized individuals.

Please note that only certain types of information will be stored in your user profile, as described in the [User Acceptance Agreement](#). Your user profile will never collect or contain information about you, such as your driving history, tax information, unemployment compensation or vehicle registrations.

[Self-Registration](#) (Request a Wisconsin User ID and Password.)

Self-Registration allows you to create **your personal** Wisconsin Login Account. This is your key to doing secure business with the State of Wisconsin over the Internet. This account belongs to you. It does not belong to your current employer.

Note: You must provide a valid, unique e-mail address to self-register for a Wisconsin Login Account. Correspondence regarding your Wisconsin User ID, password or other information about your Wisconsin Login Account will be sent to this e-mail address.

[Profile Management](#)

Profile Management allows you to change your account information, e-mail address, password and other information.

[Logout](#) (Terminate your account session.)

Logout shuts down your current session. To access a secured application you will have to login again.

Note: If Logout takes you to the Login panel, you are already logged out of the account session and no action is needed.

[Account Recovery](#) (Forgot your Wisconsin User ID or password?)

Account Recovery is used to restore access to your account if you can not remember your password or your Wisconsin User ID.

Note: You must know the answer to your secret question and you must have access to the e-mail address in your account. A link provided in an e-mail is used to continue Account Recovery.

Web Access Management System (WAMS)

The States Web Access Management System (WAMS) allows authorized individuals to access State Internet applications using the same means of identification for all State Web applications. For example, a citizen can use the same Wisconsin User ID and password to acquire overweight trucking permits and Emergency Medical Technician certification.

When access to information or services is restricted, to protect your privacy or the privacy of others, you will be asked to provide a Wisconsin User ID and password. Your Wisconsin User ID and password verifies your identity so that we can provide you with access to your information and services and prevent access by unauthorized individuals.

Please note that only certain types of information will be stored in your user profile, as described in the [User Acceptance Agreement](#). Self-Registration (Request a Wisconsin User ID and Password.)

Self-Registration allows you to create **your personal** Wisconsin Login Account. This is your key to doing secure business with the State of Wisconsin over the Internet. This account belongs to you. It does not belong to your current employer.

Note: You must provide a valid, unique e-mail address to self-register for a Wisconsin Login Account. Correspondence regarding your Wisconsin User ID, password or other information about your Wisconsin Login Account will be sent to this e-mail address.

Profile Management

Profile Management allows you to change your account information, e-mail address, password and other information.

Logout (Terminate your account session.)

Logout shuts down your current session. To access a secured application you will have to login again.

Note: If Logout takes you to the Login panel, you are already logged out of the account session and no action is needed.

Account Recovery (Forgot your Wisconsin User ID or password?)

Account Recovery is used to restore access to your account if you can not remember your password or your Wisconsin User ID.

Note: You must know the answer to your secret question and you must have access to the e-mail address in your account. A link provided in an e-mail is used to continue Account Recovery.

3. Follow the [Wisconsin User ID Account Recovery](#) instructions on the Wisconsin User ID page.

 **WISCONSIN.GOV**
Wisconsin User ID [Home](#) [Logout](#) [Help](#) [FAQ](#)

Wisconsin User ID Account Recovery

Welcome to the Wisconsin User ID Account Recovery process. In order to recover your account, follow these five easy steps:

- 1) Provide either your Wisconsin User ID **or** the e-mail address associated with your account.
- 2) Follow the Web link in the e-mail.
- 3) Provide the exact answer to your secret question.
- 4) Provide a new password for your account.
- 5) Terminate your Account Recovery session.

When Step 4 is complete, a Successful Wisconsin User ID Account Recovery message will be displayed. This message will contain your User ID, in case that was the forgotten item. The same message will also be sent to the e-mail address associated with your account.

Account Information	
Provide either your Wisconsin User ID or the e-mail address associated with your account.	
User ID	<input type="text"/>
E-Mail	<input type="text"/>

7.2.3 Telephonic Signature Recording Missing ~~in~~In The ECF

(Video instructions available: [Download the Call](#) and [Upload the Call to the ECF](#))

~~If the telephonic signature recording is not found in the Electronic Case File (ECF), supervisors~~Staff with supervisor access can use Interaction Recording to download ~~the full~~a phone recording and ~~upload~~save it to ~~the ECF~~their computer. This process cannot be completed for calls older than 30 days. ~~If the recording can't be found with this process, you must reach out to the applicant or member to collect a new signature.~~

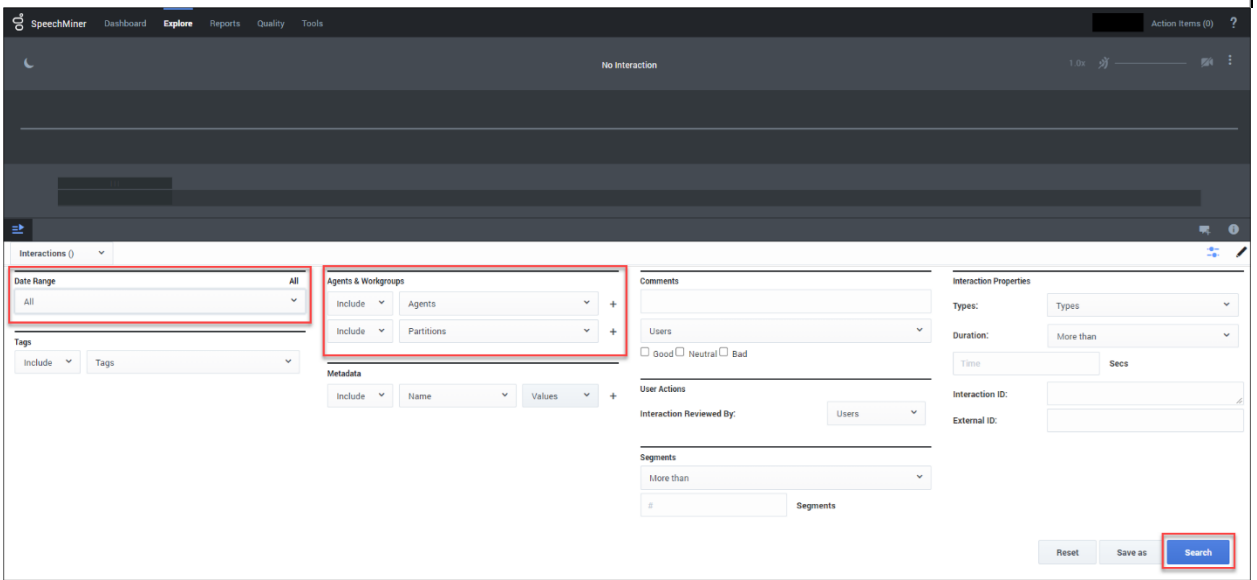

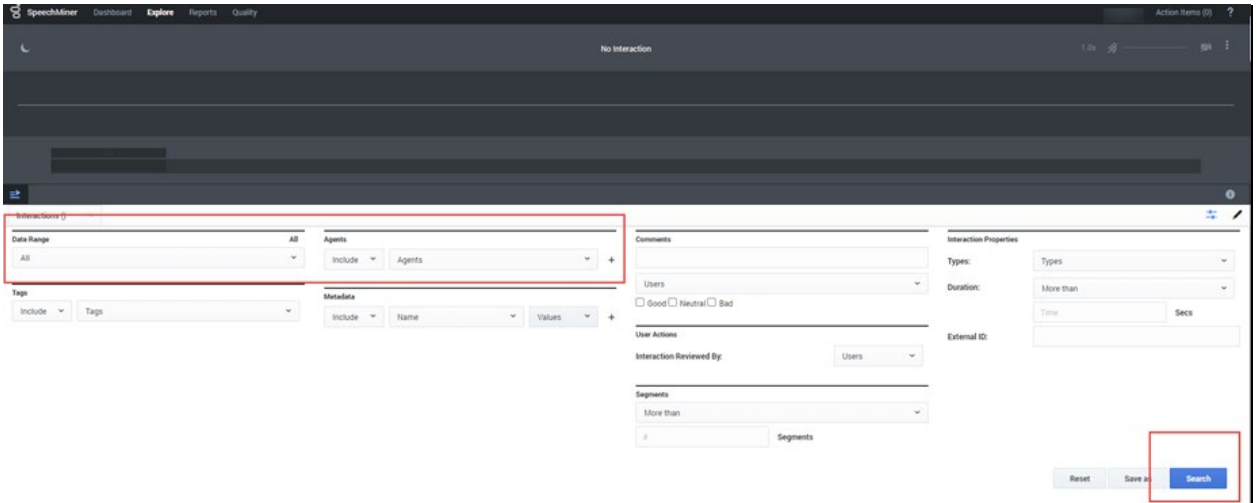

Note: Compression software (such as WinZIP) is required to complete this process. Contact your local IT department if compression software is not installed.

To download the call ~~and upload it to the ECF~~:

1. The person with supervisor access opens the **Interaction Recording** application within the Genesys Portal.

- 4.2. _____ Open the Explore Tab and begin searching by using the "Date Range" or "Agent" filters. Select **Search**.

2.3. _____ Go through the recordings to find the one that matches the RFA or Case. Make sure the telephonic signature is captured in the recording of interest. If the call is not found after searching, the recording may not exist.

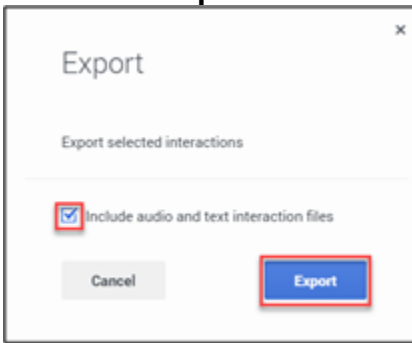

#	Interactions (3 of 8)	Filters: Date Range Agents	Date / Time	Media	Agent	Workgroup	Tags	Duration	Interaction ID	External ID	agentid	ConnectionID
1			11/24/21 10:52 AM	📞				01:21:15	107318			
2			11/24/21 11:49 AM	📞				04:51				
3			11/24/21 10:15 AM	📞				16:04	106339			
4			11/24/21 09:20 AM	📞				46:44	106086			
5			11/24/21 09:07 AM	📞				03:32	105496			
6			11/24/21 08:55 AM	📞				06:26	105394			
7			11/24/21 08:33 AM	📞				10:15	105224			
8			11/24/21 08:21 AM	📞				03:04	105056			
9			11/24/21 08:07 AM	📞				04:21	104931			

3.4. _____ To download the call, check the box next to the call.

4.5. _____ Select the three dots in the upper top right corner and select **Export**.

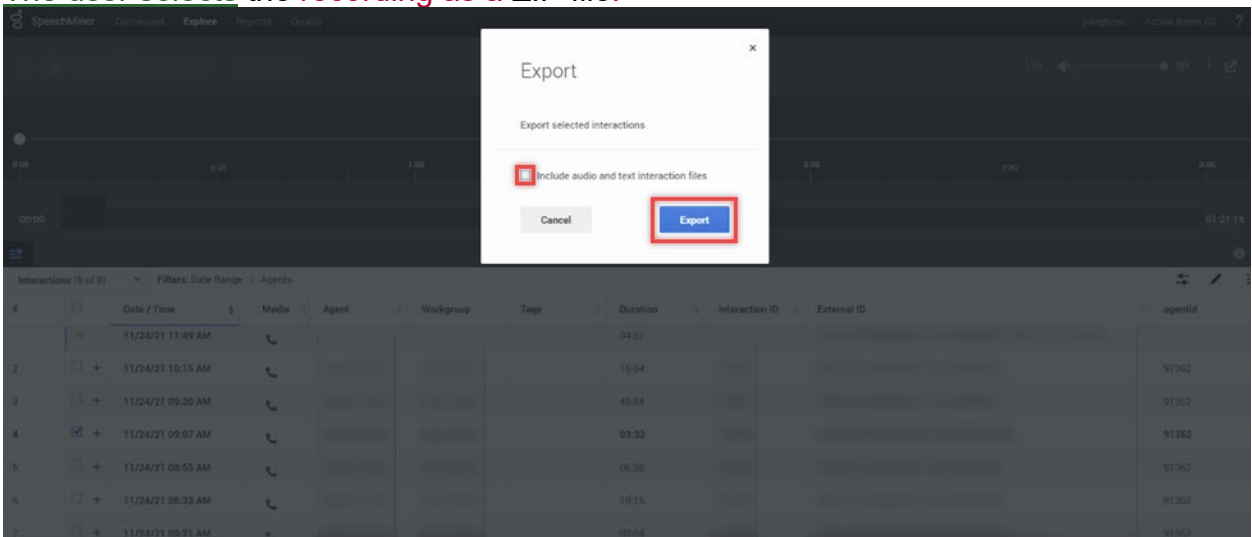

#	Date / Time	Media	Agent	Workgroup	Tags	Duration	Interaction ID	External ID
8	06/09/22 09:14 AM	📞				01:29		
9	06/09/22 09:14 AM	📞				01:27		
10	06/09/22 09:14 AM	📞				00:59		
11	06/09/22 09:14 AM	📞				02:14		
12	06/09/22 09:12 AM	📞				00:08		
13	06/09/22 09:12 AM	📞				06:07		
14	06/09/22 09:12 AM	📞				00:29		
15	06/09/22 09:11 AM	📞				04:03		
16	06/09/22 09:11 AM	📞				04:30		

6. A pop-up displays. Check the box **Include audio and text interaction files** box and select **Export**.

~~This downloads~~

4. ~~The user selects the recording as a ZIP file.~~

5.7. _____ Select the ZIP file, unzip, unzips it, and save saves the recording to your their computer. If you need help the user needs assistance on how to unzip, and save the recording to their computer, they should contact your their local IT

department.

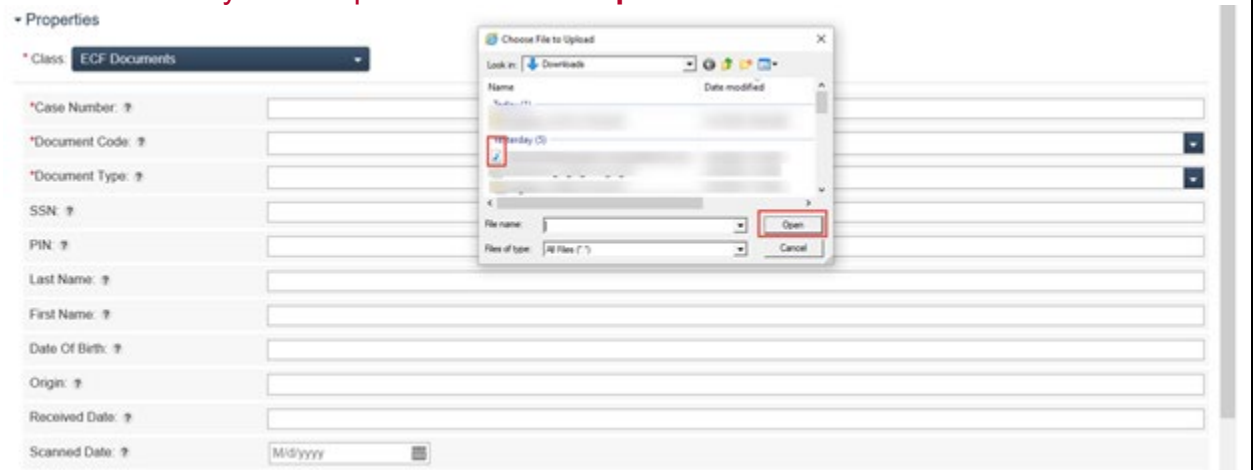

- ~~2. Once the file is saved, log in to ECF View.~~
- ~~3. Select the icon with three lines and a downward arrow in the upper right and select **Add Document**. This opens a page Income Maintenance (IM) workers looking for instructions to upload the recording ~~and enter the recording information.~~~~

- ~~4. Select **Browse**.~~

- ~~5. Find the file on your computer and select **Open**.~~

Select the **Class** dropdown menu. Then select **ECF_Recordings** and **OK**. This refreshes the page and displays the required fields to the ECF see [Process Help 6.5.2.1 Telephonic Signature Recording not found in the ECF](#) fill out.

The screenshot shows a web form with a dropdown menu for 'Class' set to 'ECF Documents'. A search box contains 'Name contains'. Below the search box, a list of options is shown, with 'ECF_Recordings' selected and highlighted in blue. The 'OK' button is also highlighted with a red box. The background form includes fields for Case, Document, SSN, PIN, Last Name, First Name, Date of Birth, Origin, Receipt, Scanner, ACCESS Tracking Number, Comments, Document ID, ACCESS Pin Number, and RFA Number.

6. Enter information for all the required fields including the “Telephonic Signature ID” and “Recording User ID” fields.
 1. Enter **TSIC** for the document code.
 1. The ECF requires both a Case number and a RFA number. If working on a case recording, enter **0000000000** for the RFA number and vice versa if working on a RFA recording.

7. Select **Add**.

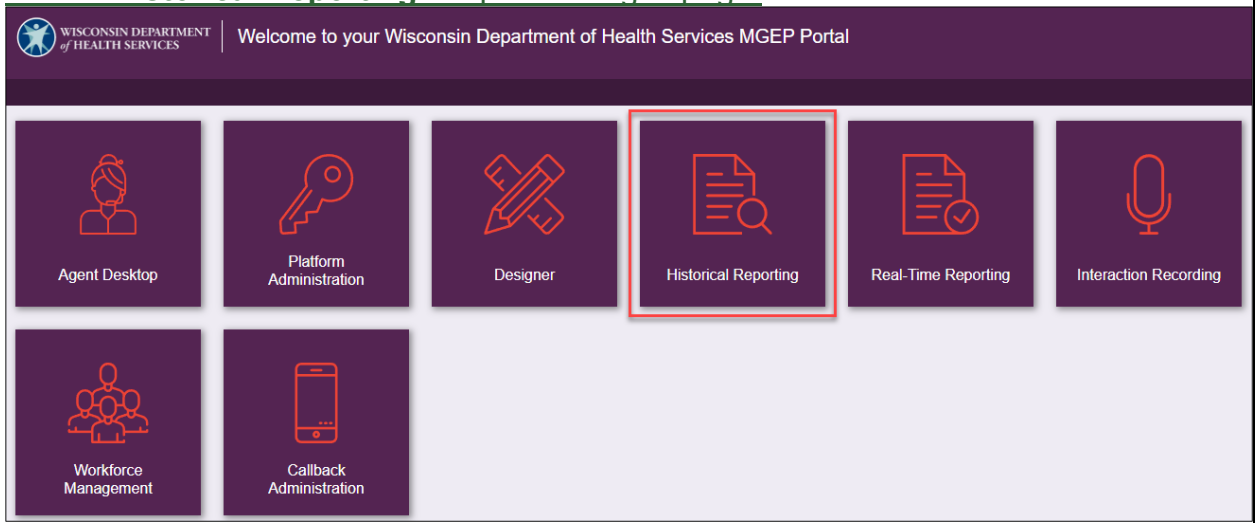

The screenshot shows a mobile app dialog box titled 'Add Document'. It contains the text: 'The values that you enter for the document properties can be used to find the document later.' At the bottom, there are two buttons: 'Add' and 'Cancel'. The 'Add' button is highlighted with a red box.

9.2.1 Running Reports

(Video instructions available: [Running Reports](#))

All tasks for managing historical reporting take place in Historical Reporting.

1. To log in, open [Genesys Portal](#) with Firefox, Edge, or Chrome.
Select **Historical Reporting** to open the log in page.

2. Enter the WAMS ID and password.

**WISCONSIN DEPARTMENT
of HEALTH SERVICES**

3. Select CX Insights.

 <p>CX Insights The CX Insights project contains the reports (and supporting metrics and attributes) that you can use to analyze your contact center's operation, and gain insights to make more informed business decisions. Server name mstr-01/MSTR-02</p>	 <p>CX Insights for iWD CX Insights for iWD project enables business users to quickly gain insights into the business outcomes and operational performance of work items. Industry-leading analytics designed to serve up the metrics and attributes that reside within iWD. Server name mstr-01/MSTR-02</p>
--	--

4. Warning message displays, select **continue**.

Warning

This is a notification that your MicroStrategy implementation may be out of compliance with your software license agreement. The number of named users licensed for at least one product has been exceeded. The privileges associated with out of compliance products cannot be added to users, user groups, or security roles.

Continue

5. From CX Insights > Home page, navigate to the folder that contains the desired report.

Select **Shared Reports** from the left menu or Browse section.

The screenshot shows the MicroStrategy CX Insights Home page. At the top, the breadcrumb 'CX Insights > Home' is circled in red. Below it, the 'Create' button is visible. The left sidebar contains a 'Create' button and a list of folders: 'Recents', 'Shared Reports' (highlighted with a red box), 'My Reports', 'History List', and 'My Subscriptions'. A red arrow points from the 'Shared Reports' folder in the sidebar to the 'Shared Reports' folder icon in the main 'Browse' section, which is also highlighted with a red box. The 'Browse' section contains four folder icons: 'Shared Reports', 'My Reports', 'History List', and 'My Subscriptions'. Below the 'Browse' section are three main sections: 'Analyze' with icons for 'Create Dossier', 'Add External Data', and 'Upload MicroStrategy File'; and 'Develop' with icons for 'Create Report', 'Create Document', 'Create Filter', 'Create Prompt', 'Create Metric', and 'Create Custom Group'.

6. Select the Custom folder.

The screenshot shows the 'CX Insights > Shared Reports' interface. The breadcrumb path 'CX Insights > Shared Reports' is circled in red. A sidebar on the left contains a 'Create' button and navigation options: Recents, Shared Reports, My Reports, My Objects, History List, and My Subscriptions. The main area displays a grid of report folders and reports. The 'Custom' folder is highlighted with a red box. Other reports include 'Aggregator Schema Version', 'CX Insights Schema Version', 'GCXI Service Report', 'CX Insights', 'Aggregator Status Report', and 'CX Insights Server Feature'.

Report Name	Owner	Modified	Description
Custom	Administrator	12/15/22 2:11:06 PM	
Aggregator Schema Version	Administrator	5/6/21 7:48:29 PM	GIM and aggregator schema version.
CX Insights Schema Version	Administrator	5/6/21 7:48:29 PM	The schema version of Genesys CX Insights.
GCXI Service Report	Administrator	5/6/21 7:48:29 PM	FFSQL report to check the availability of ODBC metadata database connection.
CX Insights	Administrator	10/6/21 4:56:00 PM	This folder contains the CX Insights historical reports.
Aggregator Status Report	Administrator	5/6/21 7:48:29 PM	Aggregator status report.
CX Insights Server Feature	Administrator	5/6/21 7:48:29 PM	All available features in Genesys CX Insights.

7. Select the name of the report to be run.

The screenshot shows the 'CX Insights > Shared Reports > Custom' interface. The breadcrumb path 'CX Insights > Shared Reports > Custom' is circled in red. The sidebar on the left is the same as in the previous screenshot. The main area displays a grid of reports. The 'Queue Statistics Adjusted' report is highlighted with a red box. Other reports include 'Dev Reports', 'WI EBS', 'Agent Performance Report - 10-25', 'Custom Queue Statistics', 'Queue Statistics Adjusted_CB', 'Queue Summary Report - All Columns', 'Survey Answer Report - Agent Group', 'Week', 'MILES', 'Agent Performance Report', 'Agent Performance Report - Dev', 'Interaction Handling Attempt Report - LastVQ', 'Queue Statistics Adjusted_30Minute', 'Queue Statistics Adjusted_Hourly', 'Short Abandoned Test Report', and 'Survey Answer Report - Application'.

Report Name	Owner	Modified	Description
Queue Statistics Adjusted	Nina Ela	3/21/22 4:49:33 PM	This report is adjusted by removing Short Abandoned (=+120s) from Calls Entered, Abandoned, and Answer Rate.
Queue Statistics Adjusted_CB	Nina Ela	12/15/22 2:11:06 PM	Should only be used for Callback Queues.
Queue Summary Report - All Columns	James Pashley	10/13/22 8:10:13 PM	Use this report to assess the performance of configured queues, to understand what percentage of interactions in each queue were accepted within the defined service level, and to compare the performance of each queue in handling interactions.
Survey Answer Report - Agent Group	James Pashley	1/19/22 12:33:32 AM	Use this report to learn more about how customers answer post-call survey questions, including the number and percentage of times that each answer was selected, for each agent, and organized by application, agent group, question, or answer.
Week	James Pashley	11/7/22 7:52:05 PM	
Dev Reports	James Pashley	11/15/22 6:14:56 PM	
WI EBS	Toy Freeman	11/20/22 4:41:13 PM	
Agent Performance Report - 10-25	James Pashley	10/25/22 6:39:39 PM	
Custom Queue Statistics	abarnes27	10/6/21 2:25:26 AM	Use this report to assess the performance of configured queues, to understand what percentage of interactions in each queue were accepted within the defined service level, and to compare the performance of each queue in handling interactions.
MILES	Nina Ela	2/25/22 4:51:10 PM	
Agent Performance Report	James Pashley	10/20/22 6:37:55 PM	
Agent Performance Report - Dev	James Pashley	12/7/22 4:53:20 PM	
Interaction Handling Attempt Report - LastVQ	James Pashley	2/3/22 10:25:14 PM	Use this report to view segment-related details pertaining to agent handling of contact center interactions, including distribution time, and data about the agent's queue participation in the interaction.
Queue Statistics Adjusted_30Minute	Paul Michael - CHS	4/22/22 3:04:24 PM	This report is adjusted by removing Short Abandoned (=+120s) from Calls Entered, Abandoned, and Answer Rate. Includes 30 minute intervals.
Queue Statistics Adjusted_Hourly	Paul Michael - CHS	4/22/22 3:04:40 PM	This report is adjusted by removing Short Abandoned (=+120s) from Calls Entered, Abandoned, and Answer Rate. Includes Hourly intervals.
Short Abandoned Test Report	Nina Ela	3/4/22 3:33:02 PM	
Survey Answer Report - Application	James Pashley	1/19/22 7:18:37 PM	Use this report to learn more about how customers answer post-call survey questions, including the number and percentage of times that each answer was selected, for each agent, and organized by application, agent group, question, or answer.

8. The INDEX page displays. Update the INDEX filters then select **Run Report**.

9. After selecting Run Report, the report is displayed. From the **REPORT HOME** tab there are additional features such as: Add to History List, Create Personal View, Share, Print, Send Now, Schedule Delivery to History List, Export or PDF.

The Queue Statistics Adjusted report works best if run as a PDF or excel.

9.2.2 Creating Subscriptions

(Video instructions available: [Creating Subscriptions](#))

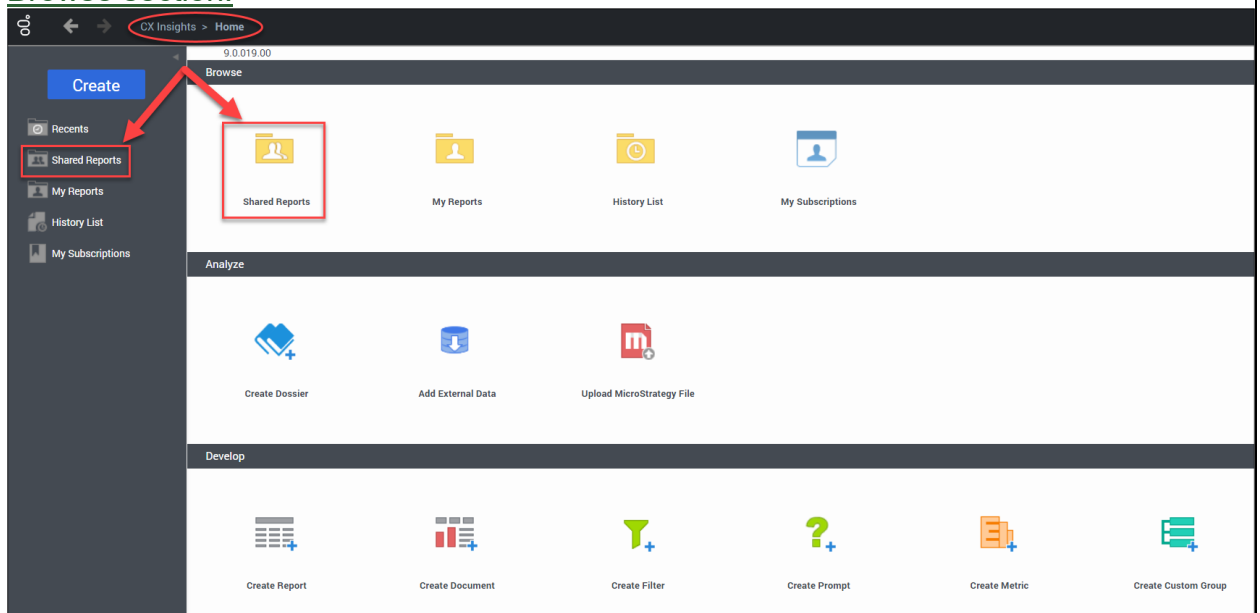

Reports can be delivered automatically to a History List Subscription or E-mail Subscription. Delivery of the reports can be scheduled to take place at regularly scheduled times or when a specific event occurs. To do this, a subscription to the desired report needs to be created.

History Lists are used to store reports that are generated on a specific schedule with saved filters selected by the user. The user can then go to their History List to view all the reports that have been run or have an email sent every time the report is run. The email contains a link to the report.

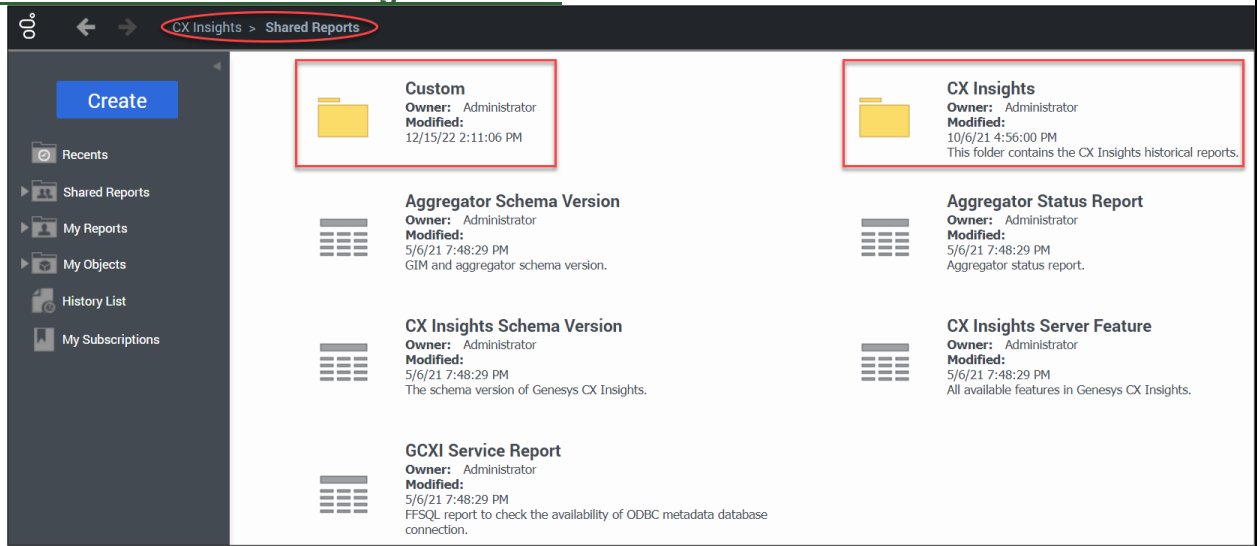

9.2.2.1 Email Subscription

To create an Email Subscription:

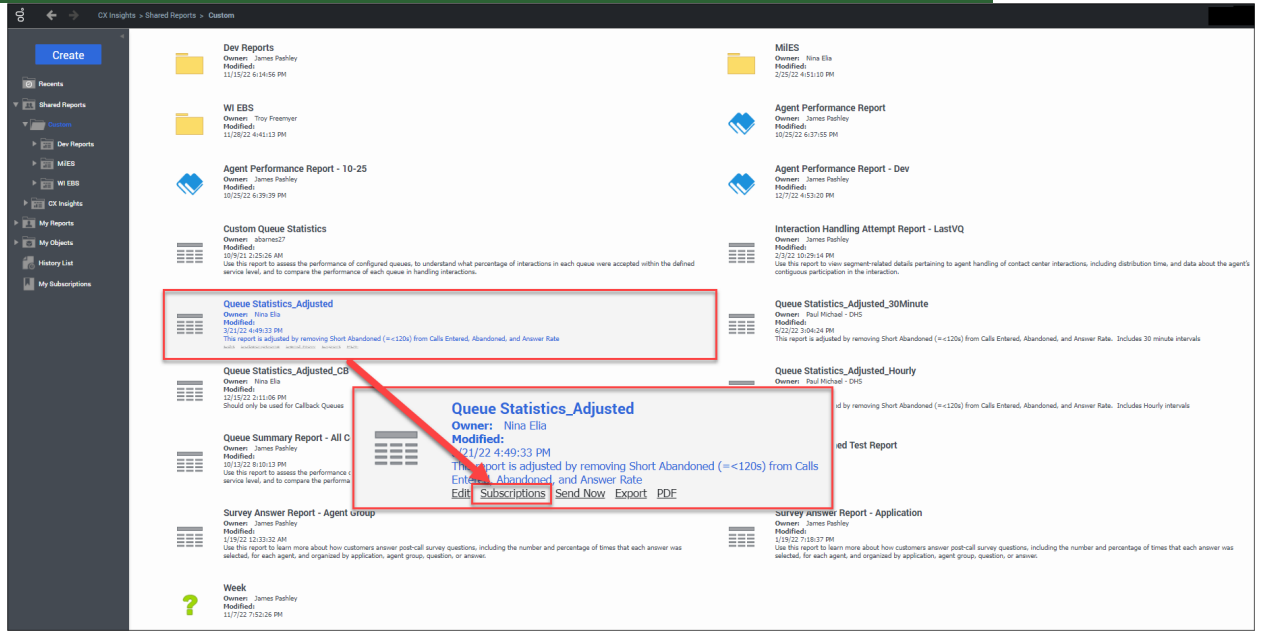

1. Go to CX Insights > Home page, select **Shared Reports** from the left menu or **Browse** section.

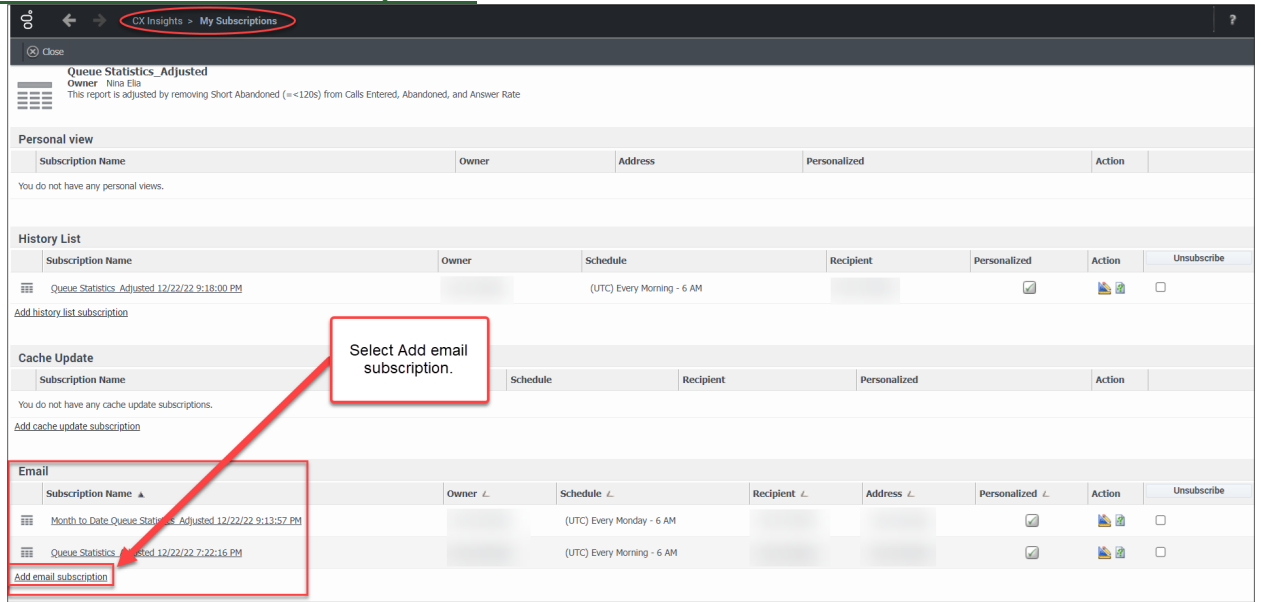

2. Select **Custom** or **CX Insights** folder.

3. Hover the cursor over the report of choice and select **Subscriptions**.

4. Select **Add email subscription**.

5. Subscription page is displayed. User makes desired selections to the E-mail Subscription and Advanced group Options.

Address Name: Physical Address: Name: Generic email

Add To Recipients

OK Cancel

When making selections on this page pay attention to the following fields:

- Name:** Enter a name for the subscription. The name of the subscription is for the user's reference and appears in "My Subscriptions" list. By default, the name of the generated report is displayed.
- Schedule:** From the drop down select a frequency of the report. Notice the time zone used to generate the subscription is based on Coordinated Universal Time (UTC). If "(UTC) Every Morning – 6AM" is selected the report is ready at midnight Central Standard Time (CST). Do not generate reports hourly.
- To:** Select this button to add recipients to the subscription. In the Recipients Browser, the user searches for recipients. If the recipient is not found the user can add the name of the recipient in the Address Name

field and the email address in the Physical Address Name field. The default “Generic Email” under Device can remain. Select the user and move to one of the following fields, To:, Cc:, BCC: and select **OK**. Multiple recipients can be added to each field.

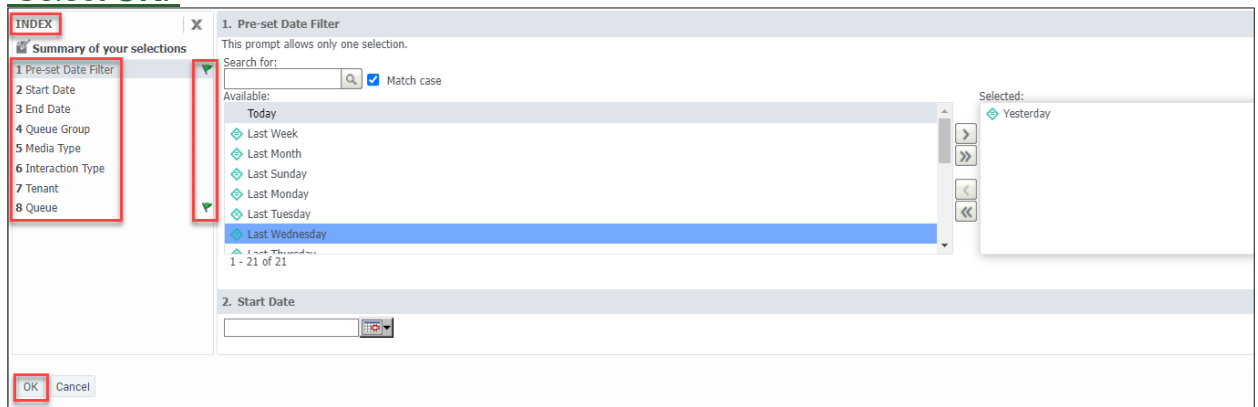

- d) **Send:** Default option, Data in email, is the preferred method.
- e) **Delivery Format:** Preferred delivery format is Excel.
- f) **File Name:** This field is editable and can be changed. Additional tags can be added to the file name, such as a date. To add the date, enter {&Date} after the file name. To view other available shortcuts hover over the blue details icon.
- g) **Subject:** This field is editable and can be changed. Additional tags can be added to the subject, such as date. To add the date, enter {&Date} after the file name. Each time the report is generated and sent to the recipients email the date displayed at the end of the report name is the date the report is run not the date of the data. To view other available shortcuts hover over the blue details icon.
- h) **Message:** Enter desired message or leave blank.
- i) **Send a preview now:** To view the email immediately instead of waiting for the specified run time select this checkbox.
- j) **Advanced Options:** Here the user can choose to send as a Zip password protected file. Since none of the reports contain PII it is not necessary to protect these files with a password.

6. Select filters in the INDEX section. There are eight prompt selections to choose filters for: Pre-set Date Filter, Start Date, End Date, Queue Group, Media Type, Interaction Type, Tenant, and Queue. Filters vary based on the chosen report.

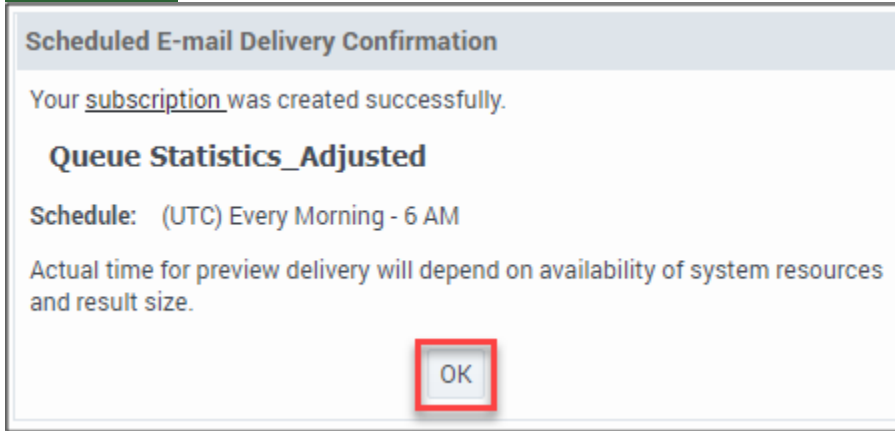

Displayed green flag means there are filters chosen for that prompt.

Search feature is case sensitive. Un-check **Match case** when using the search feature.

Select OK.

7. Scheduled E-mail Delivery Confirmation window pops up.
Select OK.

8. If the user selected the checkbox for “Send a preview now” an email is received immediately with a sample of the report. The user continues to receive the emailed report based on the times specified during creation of the subscription.

Look for the following email from “MicroStrategy Distribution Services” <DistributionServices@MicroStrategy.com> if the email is not in the user’s inbox, the user should check their spam folder. If there is still no email the user should contact their local IT department or submit a ticket to the Wisconsin Help Desk. See SECTION 11.6 SUBMITTING A GENESYS SUPPORT TICKET.

The date displayed in the subject line and file name is the run date of the report. The actual date for the data pulled is found within the report under Day column.

9. The report arrives as an attachment in the email. The user opens the report.

9.2.2.2 History List Subscription

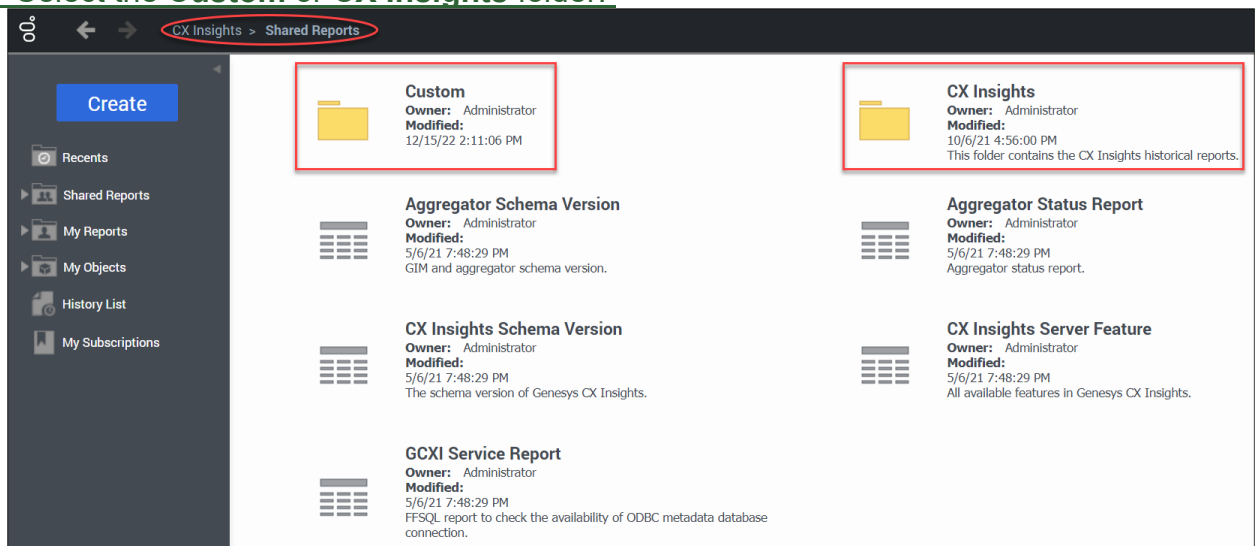

History list subscription saves a copy of the filtered report to the user's Reporting History List. The user can run the filtered report directly from the history list. A History List Subscription can be configured to send users an email every time the report is run. The email contains a link to the report.

To Create a History List Subscription:

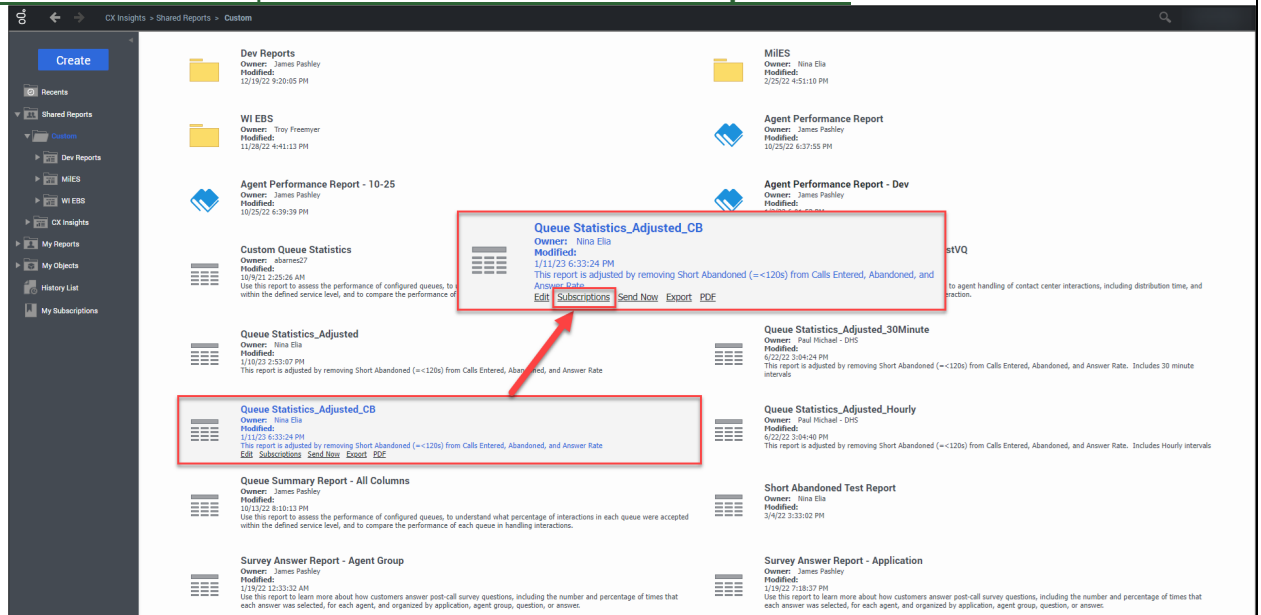

1. Go to CX Insights > Home page, select **Shared Reports** from the left menu or Browse section.

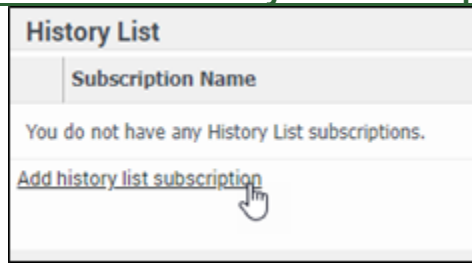

2. Select the **Custom** or **CX Insights** folder.

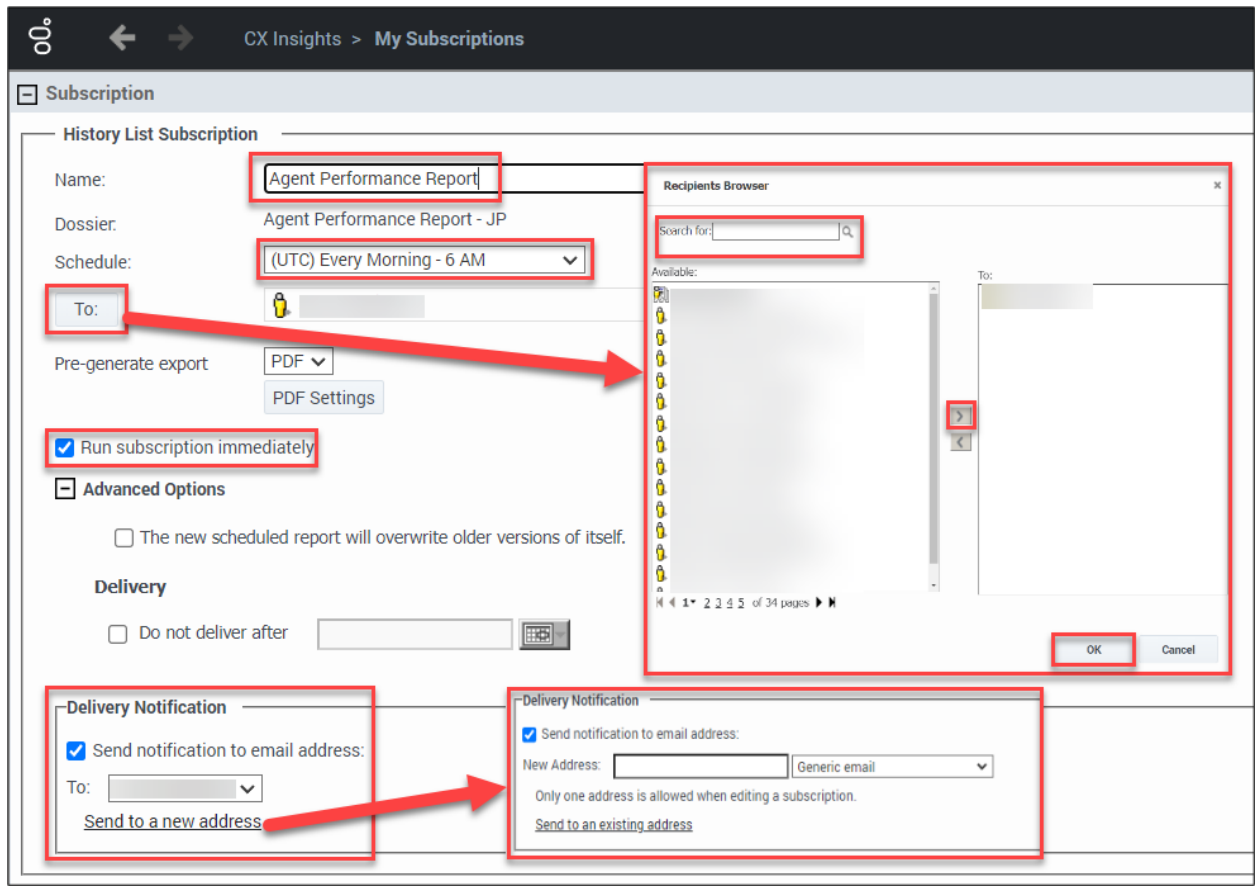

3. Hover over the report of choice and select **Subscriptions**.

4. Select **Add history list subscription**.

5. User makes desired selections to the History List Subscription and Advanced Options.

When making selections on this page pay attention to the following fields:

- a) **Name:** enter a name for the subscription. This is the name of the subscription for the user's reference and appears in "My Subscriptions" list. By default, the name of the generated report is displayed.
- b) **Schedule:** from the drop down select a frequency of the report. Notice the time zone used to generate the subscription is based on Coordinated Universal Time (UTC). If "(UTC) Every Morning – 6AM" is selected the report is ready at midnight Central Standard Time (CST). Do not generate reports hourly.
- c) **To:** select this button to add recipients to the subscription.
- d) **Run subscription immediately:** select this and the system delivers a test report immediately.
- e) **Delivery Notification:** to have a notification email sent when the report or document is delivered, select the "Send notification to email address" checkbox, then do one of the following:
 - i. To send the notification to an email address that has already been defined, select an address from the "To" drop down list.
 - ii. To send the notification to a new email address, in the New Address field, type the email address of the user to send a delivery

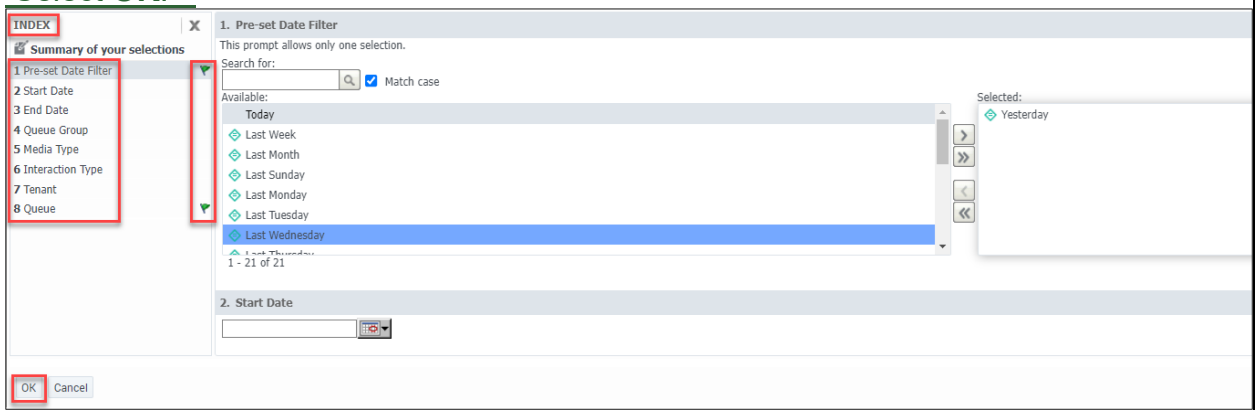

notification to and select the email client type of the specified email address from the drop-down list.

6. Select filters in the INDEX section. There are eight prompt selections to choose filters for: Pre-set Date Filter, Start Date, End Date, Queue Group, Media Type, Interaction Type, Tenant, and Queue. Filters may vary based on the chosen report.

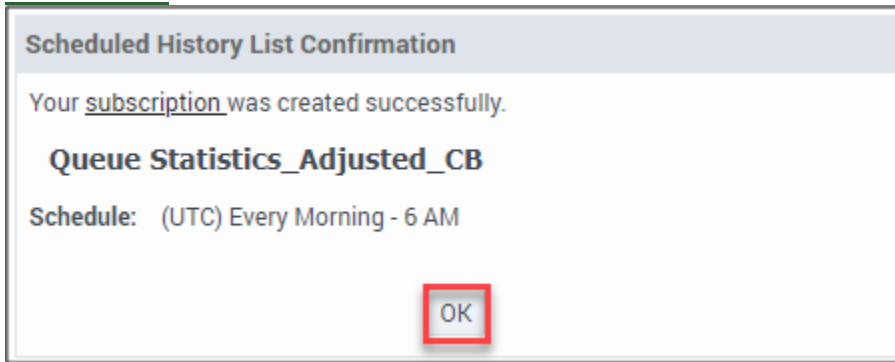

Displayed green flag means, there are filters chosen for that prompt.

Search feature is case sensitive. Uncheck "Match case" when using the search feature.

Select OK.

7. Once the subscription is created the user receives the following pop-up window. Select OK.

8. The CX Insights > My Subscriptions page is displayed. The subscription appears and the user can select the link to open the report.

9.2.3 Editing Subscriptions

(Video instructions available: [Editing Subscriptions](#))

1. From the CX Insights > Home page, select **My Subscriptions** from the left menu or Browse section.

2. My Subscriptions displays a list of reports the user is subscribed to. Select the **edit** button for the subscription that requires editing.

The screenshot shows the "My Subscriptions" page. The breadcrumb navigation at the top reads "CX Insights > My Subscriptions". The left sidebar is the same as in the previous screenshot, with "My Subscriptions" selected. The main content area displays two tables: "History List Subscriptions" and "E-mail Subscriptions".

Subscription Name	Report/Document	Owner	Schedule	Recipient	Personalized	Action	Unsubscribe
Queue Statistics_Adjusted	Queue Statistics_Adjusted		(UTC) Every Morning - 6 AM	Multiple	<input checked="" type="checkbox"/>	 	<input type="checkbox"/>
Queue Statistics_Adjusted_CB	Queue Statistics_Adjusted_CB		(UTC) Every Morning - 6 AM		<input checked="" type="checkbox"/>	 	<input type="checkbox"/>

Subscription Name	Report/Document	Owner	Schedule	Recipient	Address	Personalized	Action	Unsubscribe
Month to Date Queue Statistics_Adjusted 12/22/22 9:13:57 PM	Queue Statistics_Adjusted		(UTC) Every Monday - 6 AM			<input checked="" type="checkbox"/>	 	<input type="checkbox"/>
Queue Statistics_Adjusted	Queue Statistics_Adjusted		(UTC) Every Morning - 6 AM	Multiple		<input checked="" type="checkbox"/>	 	<input type="checkbox"/>

3. Edits can be made to the current subscription by changing the desired fields.

The screenshot shows the 'CX Insights > My Subscriptions' interface. The 'Subscription' section is titled 'E-mail Subscription'. The form contains the following fields and options:

- Name:** Queue Statistics_Adjusted 12/22/22 7:22:16 PM
- Report:** Queue Statistics_Adjusted
- Schedule:** (UTC) Every Morning - 6 AM
- To:** [Dropdown menu]
- Send:** Data in email
- Delivery Format:** Excel Compress contents
- File Name:** Queue Statistics_Adjusted {&Date} **Delimiter:** [Dropdown menu]
- Burst...** [Text input field]
- Subject:** Queue Statistics_Adjusted {&Date}
- Message:** [Text input field]
- Send a preview now
- Advanced Options
- Personalization** (highlighted with a red box)
- OK** **Cancel**

4. To change previously selected filter options, open the Personalization link. Filter selections can be changed in the INDEX section. After edits are complete select

OK.

9.2.4 Unsubscribing from Subscriptions

(Video instructions available: [Unsubscribing from Subscriptions](#))

1. From the CX Insights > Home page select **My Subscriptions** from the left menu or from the Browse section.

2. To unsubscribe select the **Unsubscribe checkbox** in the row of the subscription no longer desired. Then select the **Unsubscribe** button. The subscription disappears from My Subscriptions.

9.2.5 Recommended Queue and Agent Reports

There are three custom reports that can assist in monitoring agent and queue performance. The three reports are:

- Agent Performance Report V2.0 (see Section 9.2.5.1 Agent Performance Report V2.0)
- Queue Statistics Adjusted (also available in 30 minute and hourly intervals) (see Section 9.2.5.2 Queue Statistics Adjusted)
- Queue Statistics Adjusted CB (Callback) (only available in hourly intervals) (see Section 9.2.5.3 Queue Statistics Adjusted CB)

9.2.5.1 Agent Performance Report V2.0

Agent performance report gives a summary and daily detail of agent performance statistics. This report is only recommended as a History List Subscription. See Section 9.2.2.2 HISTORY LIST SUBSCRIPTION **Coming Soon**

with details on how to subscribe to a history list.

The agent performance report has two tabs:

- Agent Performance – Summary tab provides a summary of agent performance statistics.

[This report can be found in Historical Reporting: Shared Reports > Custom > Agent Performance Report V2.0](#)

Basic Terminology

<u>Interactive Voice Response (IVR)</u>	<u>Refers to the call flow that an inbound call comes through</u>
<u>Automated Call Distribution (ACD)</u>	<u>Inbound calls coming from the IVR Queues</u>
<u>Busy Time</u>	<u>Refers to any time an agent is logged in AND, in any state, other than a "Not Ready" state, excluding Extended After Call Work (that is, Extended After Call Work is included in Busy Time)</u>
<u>After Call Work (ACW) or "Wrap"</u>	<u>The automatic timed state an agent is in immediately following handling an ACD or Callback call. Also referred to as "wrap"</u>

Statistics Definitions

<u>Statistic Name</u>	<u>Description</u>	<u>Format</u>
<u>Accepted – Total</u>	<u>Total calls accepted inbound and outbound</u>	<u>Count</u>

<u>Accepted Inbound</u>	<u>Total inbound calls (via the IVR) answered by the agent</u>	<u>Count</u>
<u>Not Accepted</u>	<u>Total calls offered to the agent that were not answered</u>	<u>Count</u>
<u>ACD Handle Time (Mins)</u>	<u>Total minutes of inbound handle time</u> <u>Talk+Hold+ACW (wrap)</u>	<u>Minutes</u>
<u>ACD Talk Time (Mins)</u>	<u>Total inbound talk time (excludes hold time)</u>	<u>Minutes</u>
<u>ACD Hold Time (Mins)</u>	<u>Total inbound hold time</u>	<u>Minutes</u>
<u>ACD Wrap Time (Mins)</u>	<u>Total inbound wrap time (timed ACW)</u>	<u>Minutes</u>
<u>Avg ACD Handle Time (Mins)</u>	<u>(Total ACD Handle Time) / (Total ACD accepted calls)</u>	<u>Minutes</u>
<u>Avg ACD Talk Time (Mins)</u>	<u>(Total ACD Talk Time) / Total ACD accepted calls</u> <u>Average talk time for each call</u>	<u>Minutes</u>
<u>Avg ACD Hold Time (Mins)</u>	<u>(Total ACD Hold Time) / (Total ACD accepted calls)</u> <u>Average hold time for each call</u>	<u>Minutes</u>
<u>Avg ACD Wrap Time (Mins)</u>	<u>(Total ACD Wrap Time) / (Total ACD accepted calls)</u> <u>Average wrap time for each call</u>	<u>Minutes</u>
<u>% ACD Talk Time</u>	<u>(Total ACD Talk Time) / (Total ACD Handle Time)</u> <u>Talk time, as a percentage of handle time</u>	<u>Percent</u>
<u>% ACD Hold Time</u>	<u>(Total ACD Hold Time) / (Total ACD Handle Time)</u> <u>Hold time, as a percentage of handle time</u>	<u>Percent</u>
<u>% ACD Wrap Time</u>	<u>(Total ACD Wrap Time) / (Total ACD Handle Time)</u>	<u>Percent</u>

	<u>Wrap time, as a percentage of handle time</u>	
<u>Accepted Outbound</u>	<u>Total outbound calls (including callback calls) made/answered by the agent</u>	<u>Count</u>
<u>Out Handle Time (Mins)</u>	<u>Total minutes of outbound handle time</u> <u>Talk+Hold+After Call Work (wrap)</u>	<u>Minutes</u>
<u>Out Talk Time (Mins)</u>	<u>Total outbound talk time (excludes hold time)</u>	<u>Minutes</u>
<u>Out Hold Time (Mins)</u>	<u>Total outbound hold time</u>	<u>Minutes</u>
<u>Out Wrap Time (Mins)</u>	<u>Total outbound wrap time (timed after call work)</u>	<u>Minutes</u>
<u>Avg Out Handle Time (Mins)</u>	<u>(Total Out Handle Time) / (Total Out accepted calls)</u>	<u>Minutes</u>
<u>Avg Out Talk Time (Mins)</u>	<u>(Total Out Talk Time) / (Total Out accepted calls)</u> <u>Average talk time for each call</u>	<u>Minutes</u>
<u>Avg Out Hold Time (Mins)</u>	<u>(Total Out Hold Time) / (Total Out accepted calls)</u> <u>Average hold time for each call</u>	<u>Minutes</u>
<u>Avg Out Wrap Time (Mins)</u>	<u>(Total Out Wrap Time) / (Total Out accepted calls)</u> <u>Average wrap time for each call</u>	<u>Minutes</u>
<u>Calls per Busy Hour</u>	<u>Number of calls handled for every hour the agent is something other than a "Not Ready" state.</u>	<u>Count</u>
<u>Extended ACW Per Call (Mins)</u>	<u>(Total Extended ACW) / (Total ACD Calls)</u>	<u>Minutes</u>
<u>Login Time (Hrs)</u>	<u>Total time agent was logged into the system</u>	<u>Hours</u>
<u>Busy Time (Hrs)</u>	<u>Login Time - Not Ready Time</u> <u>Total time on calls or waiting for calls</u>	<u>Hours</u>

<u>Ready Time (Hrs)</u>	<u>Total time agent was in a “Ready” state</u>	<u>Hours</u>
<u>Wrap Time (Hrs)</u>	<u>Total time agent was in ACW state</u>	<u>Hours</u>
<u>Not Ready Time (Hrs)</u>	<u>Total time an agent was in any “Not Ready” state- Regardless of reason code</u>	<u>Hours</u>
<u>Not Ready- <<Reason Code>> (Hrs)</u>	<u>Separate stat for each reason code Total time an agent was in each Not Ready reason code</u>	<u>Hours</u>
<u>Busy Time</u>	<u>Refers to any time an agent is logged in AND, in any state, other than a “Not Ready” state, excluding Extended After Call Work (that is, Extended After Call Work is included in Busy Time)</u>	<u>Hours</u>

9.2.5.2 Queue Statistics Adjusted

The Queue Statistics Adjusted report provides details of the queue statistics, specific to inbound queues.

This report is adjusted by removing Short Abandoned ($= < 120s$) from Calls Entered, Abandoned, and Answer Rate

This report can be found in Historical Reporting: Shared Reports > Custom > Queue Statistics Adjusted

Queue Statistics Adjusted															
Tenant	Media Type	Queue	Interaction Type	Day	Adj Entered	Accepted Agent	Adj Abandoned	Routed Other	Rejected	Adj Answer Rate	ASA	Avg. Talk Time	Avg. Hold Time	Avg. Handle Time	Max Accept Time (Fmt)

11.2 Status Troubleshooting

Issue	Description	Resolution
Not receiving calls in "Ready" status	Not receiving calls while in "Ready" state	<ul style="list-style-type: none"> • Contact your supervisor to ensure you are assigned an appropriate skill • Contact for assistance and clearly state you aren't receiving calls in a "Ready" status. <u>Submit a ticket to the Wisconsin Help Desk. See Section 11.6 SUBMITTING A GENESYS SUPPORT TICKET.</u>
Stuck in "Busy" status	Stuck in "Busy" status and not able to change to "Ready"	<ul style="list-style-type: none"> • Contact for assistance and clearly state you are stuck in a busy status. <u>Submit a ticket to the Wisconsin Help Desk. See Section 11.6 SUBMITTING A GENESYS SUPPORT TICKET.</u>
Unexpected Status Changes	Selected Status of "Ready" unexpectedly changes to "Not Ready" (No Reason Code)	<p>Genesys is unable to complete a call to the agent. This may be caused by:</p> <ul style="list-style-type: none"> • Problems with the agent's phone or phone system. • Routing issues with the long distance carrier between Genesys and the agent. <p>Troubleshooting:</p> <ul style="list-style-type: none"> • Call the agent's phone outside of Genesys to ensure it is operable. • If phone is found to be operable, contact for assistance and clearly state you have had an unexpected status change, what the change is, and that your phone is otherwise operable. <u>submit a ticket to the Wisconsin Help Desk. See Section 11.6 SUBMITTING A GENESYS SUPPORT TICKET.</u>
	Selected Status of "Ready" unexpectedly changes to "Not Ready" (No Answer)	Genesys offered a call to the agent and the agent did not answer. This may be caused by:

- Agent not answering a call that rang to their phone.
- Agent's phone did not ring when the call was offered.

Troubleshooting:

- Call the agent's phone outside of Genesys to ensure it is operable.
- If phone is found to be operable, ~~contact for assistance and clearly state you have had an unexpected status change, what the change is, and that your phone is otherwise operable.~~ submit a ticket to the [Wisconsin Help Desk. See 11.6 SUBMITTING A GENESYS SUPPORT TICKET.](#)

Logged out of Agent Desktop for inactivity.

Show/Hide example image

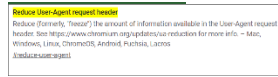

Most times this is due to a setting in Chrome or Edge that puts the tabs to "sleep" if they are idle.

Update Chrome Settings

Show/Hide Update Chrome Setting Instructions

1. In the Chrome address bar, type: chrome://flags/#reduce-user-agent
2. Update the Reduce User-Agent request header to Disabled.

Update Edge Settings

Accessing Interaction Recording	Unable to access Interaction Recording	<ul style="list-style-type: none"> • Before accessing Interaction Recording youthe user must reset yourset up a local password in Platform Administration. See Section 10.1 SETTING A LOCAL PASSWORD • Contact Submit a ticket to the Wisconsin Help Desk. See Section 11.6 SUBMITTING A GENESYS SUPPORT TICKET.

11.6 Submitting a Genesys Support Ticket

After referring to the Troubleshooting sections of this guide and the issue is still not resolved users must submit requests to the State of Wisconsin Helpdesk for additional troubleshooting support. The Genesys Support Team receives and tracks support requests via the Wisconsin Help Desk.

General questions can be sent to: dhsgenesyscloudproject@dhs.wisconsin.gov.

Examples of general questions include:

- How do I open a specific report?
- How do I subscribe to a specific report?

11.6.1 Who Should Submit a Ticket?

Requests for support should come directly from the user after all attempts to troubleshoot have been made by the user, local admins, supervisors, and IT/Telecom personnel.

The following requests should only be received from Genesys Admins or Supervisors:

- User add, edit, or deletes
- Change in hours of operation
- Business event requests (meeting, special, technical, etc.)
- Call flow change requests

11.6.2 Opening a Ticket

Tickets can be opened by using one of the following ticket methods:

- Email helpdesk@wi.gov (**preferred**)
- Phone 608-261-4400 (Madison) | 866-335-2180 (Toll-free)
- State employees may use the Cherwell Portal

To expedite the triage process, it's strongly recommended to include the following in the subject line and body of the email.

Subject Line

Subject line needs to clearly describe the overall issue and mention Genesys.

<u>Subject Line Do</u>	<u>Subject Line Don't</u>
<ul style="list-style-type: none"><u>• "Cannot log into Genesys Agent Desktop"</u><u>• "Unable to download recordings in Genesys Interaction Recording"</u><u>• "Genesys new user request"</u><u>• "Please set the Genesys Technical Business</u>	<ul style="list-style-type: none"><u>• "Genesys"</u><u>• "Problems"</u><u>• "Genesys Issue"</u><u>• "Genesys isn't working"</u>

<u>Event</u>	<ul style="list-style-type: none">• <u>“Trouble with Genesys”</u>
--------------	---

Description

Include “Please assign to DHS Genesys Cloud Support Team” in the beginning of the email or description (not in the subject line).

Include a description with any details relevant to the issue(s), including:

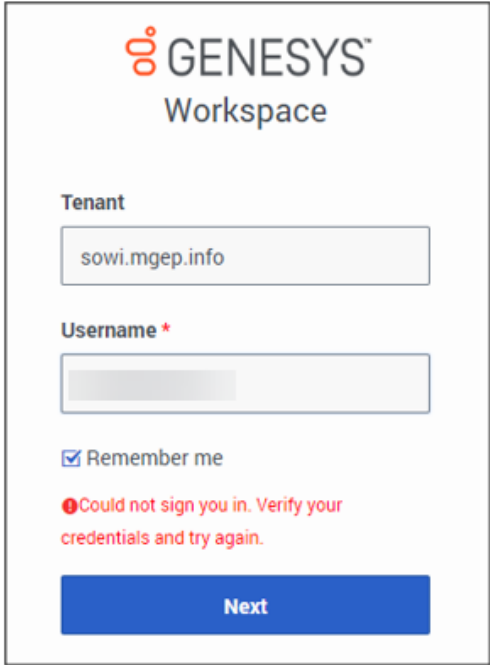

- Name and Username
- Genesys Place the agent is logged into
- Connection ID (for calls)
- Screen Shots
- Thorough description of what the user is experiencing
- Time/date of the incident
- Any error messages
- Any steps that could be used to reproduce the problem
- Any troubleshooting steps completed before opening the ticket

Subject		Unable to log into Genesys Agent Desktop

Hi,

I am unable to log into Genesys Agent Desktop. When I attempt to log in, I get the following error

The screenshot shows the Genesys Workspace login interface. It includes a tenant field with 'sowi.mgep.info', a username field, a 'Remember me' checkbox, and a blue 'Next' button. A red error message states: 'Could not sign you in. Verify your credentials and try again.'

My user name is: [REDACTED]
This has been occurring this morning, but I was able to log in yesterday. I have reset my WAMS password.

Best regards,
[REDACTED]

Note: [REDACTED] Tickets missing the above information may be routed incorrectly or take longer to gather information necessary to resolve.

11.6.3 Escalation Process

Single user issues are not critical or high priority. Do not escalate these issues.

For “Critical” or “High” priority issues, cc dhsgenesyscloudproject@wisconsin.gov when using email to submit a ticket to the Wisconsin Help Desk. If the ticket is called in or opened through the portal send the ticket number to dhsgenesyscloudproject@wisconsin.gov.

Critical or high priority issues are defined as:

- System unusable for all users with no workaround.
- Issues that have significant repercussions for all users but do not render the whole system unusable.
- Multiple users or multiple locations unable to receive or make calls, having a significant effect on a call center’s ability to operate.
